

There will also be a requirement for full nighttime road closures of the junction to carry out the final resurfacing works. All road closures will be installed with full diversion signage for alternative routes and will be communicated in advance.

Pedestrian access through the junction and to premises and properties will be maintained during the works. Vehicular access to properties within the works will be maintained, however we will have to install temporary accesses at stages during the scheme.

If you have any queries relating to our plans please contact us directly. You can also view this information on the Essex Highways website which is accessible by visiting:

<https://www.essexhighways.org/springfield-road-navigation-road-chelmsford-junction-improvements>.

We will endeavour to keep disturbance to a minimum, however, we apologise in advance for any inconvenience that may be caused.

Yours Faithfully

A handwritten signature in black ink that reads "Stefan Ambrose". The signature is written in a cursive style with a stylized 'S' and 'A'.
