Secretariat:	Brian Mayfield - Chelmsford City Council

Item		Owner
1.	Welcome and Introductions The Chairman welcomed those present.	
2.	Apologies for Absence Apologies for absence were received from City Councillors M W Holoway and R J Shepherd.	
3.	Minutes of Previous Meeting The minutes of the meeting on 20 June 2018 were agreed as a correct record.	

5.	<p>Approved Works Programme Update 2018/19</p> <p>The Panel received an update on the schemes in the Approved Works Programme for 2018/19. In addition to the progress detailed in the schedule, specific reference was made at the meeting to the following schemes:</p> <p><i>LCHE162166 – Pryors Road, Galleywood</i> – Letters would be sent to local residents to advise them when the scheme would be carried out.</p> <p><i>LCHE162164 – B1008, Ford End</i> – Councillor Aldridge said that, ideally, 40mph buffers should be provided at both entrances to the village but the greater priority was the southern entrance. Jon Simmons to provide a scheme drawing to Councillor Aldridge.</p> <p>Councillor Ride referred to the fact that £300,000-400,000 remained to be spent on schemes within the 2018/19 before the end of the year. Coupled with the £200,000 worth of match-funded schemes he enquired whether there were sufficient resources at Essex Highways to complete the schemes by the end of Quarter 4.</p> <p>Sonia Church said that the schemes being funded from the original £500,000 budget would be completed in the current financial year. Additional design staff were being employed to deliver the match funding schemes, but she asked the Panel to accept that some of those may not be completed until Quarter 1 of 2019/20. The match-funding would not be lost for any schemes not completed in 2018/19.</p>	JS
6.	<p>Potential Schemes List</p> <p>At its last meeting the Panel had established a sub-group to prioritise schemes that could be funded through additional match funding. The sub-group had since prioritised schemes on the Potential Schemes List with a total value of £200,700, which the Panel was asked to consider. If match funding was available, those schemes agreed would be added to the Approved Works Programme for 2018/19. The Panel were also reminded that the costs supplied were estimates only and a final scheme cost could change significantly, through the design and construction phases.</p> <p>The Chairman outlined the rationale that had been used by the sub-group in coming to its recommendations. This included an assessment of cost, a geographical spread of schemes, a focus on casualty reduction and which schemes provided the greatest benefit to the most people.</p> <p>Referring to Scheme 17 for improvements to the crossing outside King Edward VI grammar school, Councillor Deakin expressed the view that some of the issues associated with the crossing could be</p>	

	<p>alleviated by solving the flooding problem in that part of the road. Jon Simmons said that he would pass that comment to the highways maintenance team.</p> <p>Councillor Mackrory said that the comment on the scheme for the Chignal Corner bus stop (LCHE175005) was incorrect insofar as there were no plans for a shared footway/cycleway under the City Growth Fund. He added that the cycling scheme for Princes Road (LCHE154009) had been deleted at an earlier meeting of the Panel.</p> <p>The Panel discussed whether a shortlist of Priority 2 schemes should be drawn up for use should any of the £200,000 funding be available after the detailed costing of schemes had been completed. It was AGREED that the following schemes would comprise the Priority 2 list:</p> <p>LCHE162143, Copperfield Road j/w Dickens Place – This survey scheme to include an assessment of the provision of a Halo crossing</p> <p>LCHE172043, Church Street, Great Baddow</p> <p>LCHE152001, Bridge over River Crouch, Hawk Hill, Battlesbridge</p> <p>LCHE172001, Helston Road/Pump Lane, Chelmsford</p> <p>During discussion it was also agreed that Eastern Approach, Springfield – realignment of kerbs (LCHE182028) should not be funded through the LHP.</p> <p>Although the Direct Delivery Team was full committed until January, if any of the match-funding or Priority 2 schemes were suitable they would be added to the team’s programmed work should capacity become available.</p> <p>During discussion of this item it was suggested that the cost breakdown of individual schemes provided at meetings with parish councils be made available to other councillors.</p> <p>AGREED that those schemes on the Potential Schemes List prioritised by the sub-group be confirmed without change.</p>	<p>JS</p> <p>JS/SC</p>
<p>7.</p>	<p>Section 106 Update</p> <p>The Panel received an update on Section 106 highway schemes being delivered in 2018/19.</p> <p>It was requested that a presentation be made to the next meeting on the availability of funds from other sources, including Sections 106</p>	

	<p>and 278 and CIL, and whether and in what circumstances they could be used to supplement schemes in the Approved Works Programme.</p> <p>AGREED that the Section 106 Update report be noted and that a presentation on funding from other external sources be made at the next meeting.</p>	JS/CH/LM
8.	<p>Highways Rangers and 2018/19 Revenue Spend Updates</p> <p>The Panel considered a summary of the Chelmsford City Highways Rangers work programme for April to June 2018 and details of the Panel's Revenue budget for 2018/19.</p> <p>AGREED that the Highways Rangers Update report be noted.</p>	
9.	<p>Other Business</p> <p>None.</p>	

The meeting closed at 14:00

CHELMSFORD CITY LOCAL HIGHWAY PANEL Approved Works Programme - 2018/19

At the September 2018 meeting of the Chelmsford City Local Highway Panel the Panel made funding recommendations against schemes the Panel wished to see delivered through agreed 2018/19 Match Funding. These Match Funded schemes now feature on the Approved Works Programme as a separate section. Our Design Team are working to deliver them as soon as possible, though some match funded schemes may need to roll over into 2019/20.

It is envisaged that the 2019/20 Capital Budget for the Chelmsford City LHP will be the same as that in 2018/19 at £500,000, though this will be finalised by ECC at their full Council meeting in February 2019. The Panel are now asked to start to consider those schemes they may wish to make a funding recommendation against for delivery in 2019/20. The intention will be to finalise any 2019/20 scheme funding recommendations at the March 2019 Panel meeting.

Colleagues in our Safer Roads team have advised that in 2019/20 they envisage there will be four Safer Roads schemes that will need to be progressed within the City. Our Safer Roads team are currently finalising the detail of these schemes.

Members are reminded that the costs supplied are estimates only and there is the possibility that a final scheme cost could change significantly dependant on issues which may arise especially during detailed design and construction.

The 2019/20 Chelmsford City LHP Capital Budget Summary is as follows –

Budget Summary 2019/20		
Ref.	Item	Amount
1	Expected 2019/20 Capital Budget	£500,000

CHELMSFORD CITY LOCAL HIGHWAY PANEL POTENTIAL SCHEMES LIST (Version 38)

This Potential Scheme List identifies all of the scheme requests which have been received for the consideration of the Chelmsford City Local Highways Panel. The Panel are asked to review the schemes on the attached Potential Scheme List, finalise their scheme funding recommendations for the schemes they wish to see delivered in 2019/20 and remove any schemes the Panel would not wish to consider for future funding.

Members are reminded that the costs supplied are estimates only and there is the possibility that a final scheme cost could change significantly dependant on issues which may arise especially during detailed design and construction.

There are currently potential schemes with an estimated cost of £1,555,400 as shown in the summary below -

Potential Schemes List (Version 38)		
Ref.	Scheme Type	Estimated Scheme Costs
