

MALDON DISTRICT LOCAL HIGHWAY PANEL Approved Works Programme - 2017/18

At the September 2017 meeting of the Maldon District Local Highways Panel (LHP) the Panel made some scheme prioritisation recommendations suggestions from both Approved Works Programme – Rolling Programme. It is envisaged that the 2018/19 Capital Budget for the Maldon District LHP will be the same as that in 2017/18, though this will be finalised by ECC at their full Council meeting in February 2018. The Panel are now asked to finalise their scheme funding recommendations for the schemes they wish to see delivered in 2018/19 from their previous Rolling Programme prioritisations and the schemes on the Potential Schemes List.

Members are reminded that the costs supplied are estimates only and there is the possibility that a final scheme cost could change significantly dependant on issues which may arise especially during detailed design and construction. The estimated scheme costs on the Rolling Programme/Potential Scheme List have been reviewed and adjusted as necessary to reflect this. At this stage we have not been notified of the Safer Roads schemes that will need to be progressed within the District in 2018/19. Our Safer Roads team are currently preparing their 2018/19 programme with a view to finalising it by the end of January 2018.

The 2018/19 Maldon District LHP Capital Budget Summary is as follows –

Budget Summary 2018/19		
Ref.	Item	Amount
1	Expected 2018/19 Capital Budget	£200,000
3	Rolling Programme Scheme Priorities	£69,000
2	Safer Roads Schemes	TBC
3	Feasibility Studies & Detailed Designs	TBC
4	2018/19 Capital Budget still to allocate	£131,000

MALDON DISTRICT LOCAL HIGHWAY PANEL POTENTIAL SCHEMES LIST (Version 26)

This Potential Scheme List identifies all of the scheme requests which have been received for the consideration of the Maldon District Local Highways Panel. The Panel are asked to review the schemes on the attached Potential Scheme List, finalise their scheme funding recommendations for the schemes they wish to see delivered in 2018/19 and remove any schemes the Panel would not wish to consider for future funding.

There are currently potential schemes with an estimated cost of £182,000 as shown in the summary below -

Potential Schemes List (Version 26)		
Ref.	Scheme Type	Total Estimated Costs
1	Traffic Management	£120,000
2	Passenger Transport	£27,000
3	Public Rights of Way	£35,000
4	Total	£182,000

On the Potential Schemes List the RAG column acknowledges the status of the scheme request as shown below -

RAG Status	Description of RAG status
G	The scheme has been validated as being feasible and is available for Panel consideration
A	The scheme has been commissioned for a feasibility study which needs completing before any Panel consideration
R	A scheme which is against policy or where there is no appropriate engineering solution
V	A scheme request has been received and is in the initial validation process
