**ROCHFORD DISTRICT COUNCIL
WITH ESSEX COUNTY COUNCIL
LOCAL HIGHWAY PANEL – 22ND MARCH 2018
APPROVED SCHEMES UPDATE**

The following report provides an update on the current position of all of the schemes which the Rochford Members had recommended for inclusion in the 2017/18 programme.

Also identified are the schemes provisionally agreed by the Members in the December Panel meeting which will form the 2018-19 programme, subject to formal approval by the Cabinet Member for Highways.

The 2018/19 Capital Budget for the twelve Local Highway Panels was agreed by ECC at their full Council meeting in February 2018. For the Rochford District Local Highway Panel (LHP) the budget will be £214,000, the same amount as 2017/18.

For the information of the Panel our Safer Roads team have now identified four Safer Roads schemes within Rochford District which will need to be delivered in 2018/19 and these have now been added to the Approved Works Programme.

Members are also reminded that the costs supplied are estimates only and there is the possibility that a final scheme cost could change significantly dependant on issues which may arise especially during detailed design and construction. The estimated scheme costs on the Rolling Programme/Potential Scheme List have been reviewed and adjusted as necessary to reflect this.

The 2018-19 capital budget summary is as follows:

| 2018/19 Budget Summary | |
|--|------------------|
| Capital Budget | £214,000 |
| Safer Roads Schemes | £109,500 |
| Schemes prioritised in December 2017 Panel | £214,500 |
| Sub Total | -£110,000 |

ROCHFORD DISTRICT COUNCIL WITH ESSEX COUNTY COUNCIL LOCAL HIGHWAY PANEL – 22 March 2018 POTENTIAL CAPITAL SCHEMES

At the December 2017 Panel meeting members recommended schemes to the value of £214,500. Also our Safer Roads team have now identified four Safer Roads schemes within Rochford District which will need to be delivered in 2018/19 and these have now been added to the Approved Works Programme at an estimated cost of £109,500. As the 2018/19 Capital Budget is £214,000 we would not recommend adding any new schemes for delivery in 2018/19.

The following potential scheme list identifies all of the scheme requests which have been received for the consideration of the Local Highway Panel. The Members are asked to review these schemes, finalise their scheme funding recommendations for the schemes they wish to see delivered in 2018/19 and remove any schemes the Panel would not wish to consider for future funding.

The breakdown of scheme types available for consideration in 2018/19 is as below:

| Ref. | Scheme Type | Total Estimated Costs |
|------|---|-----------------------|
