

**Essex County Council (Basildon Borough)(Churchill Avenue, Fryerns)
(Prohibition of Waiting, Loading and Stopping)and (On-Street Parking
Places) (Civil Enforcement Area) (Amendment No.20) Order 20****

Statement of Reasons

Churchill Avenue is a local road in Basildon that is a mainly residential street, which is on a bus route.

The Basildon Community College and Adult Education Centre are also located in this area with access to parking on their sites gained from Churchill Avenue.

This proposal as agreed at the design stage seeks to extend waiting restrictions to support the unhindered use of the highway by bus services, delivery/utility vehicles and residents within the area.

Ensuring these roads are clear of parked vehicles will maintain the free flow of vehicles on these lengths of road will enable the appropriate access to residential properties and parking places.

The extended waiting restrictions have been designed so as to provide unimpeded access to the commercial sites, reducing potential for problematic vehicle passing will strike a balance suitable for all highway users.
