

The Essex County Council (Castle Point District) (Prohibition of Waiting, Loading and Stopping) and (On-Street Parking Places) (Civil Enforcement Area) (Amendment No.10) Order 20**

Statement of Reasons

Cars have been found to be parking around the circumference of the roundabout at Leigh Beck (Point Road).

When this occurs, it can be difficult for buses to make the turn around the roundabout, in order to access the bus stop for the return journey. This can require shunting movements to be undertaken, which can present a safety issue for the buses themselves and also other users of the roundabout.

Double yellow lines have been provided on the south side of the roundabout, which has certainly assisted the issue, however these can still be parked on by blue badge holders.

In order to resolve this matter, it is proposed that parking and loading restrictions will be implemented on the roundabout as detailed in the notice.
