

**The Essex County Council (Vint Crescent, Colchester)
(One Way) Order 202***

STATEMENT OF REASONS:

Parking bays marked on the southern side of Vint Crescent for resident permit holders and disabled badge holders restrict the width of the carriageway.

It is proposed that the flow of traffic is limited to one direction from a point at the eastern junction of Vint Crescent and Lexden Road for its entire length in a south westerly direction and continuing north-west to the western junction of Vint Crescent and Lexden Road.

It is intended that implementing a one-way system from east to west will control traffic flow, avoid conflict caused by vehicles entering at both the eastern and western junctions and avoid exiting onto a bend at the eastern junction.
