

**The Essex County Council (Tendring District) (Prohibition of Waiting, Loading and Stopping) and (On-Street Parking Places) (Civil Enforcement Area) (Amendment No.31) Order 202\***

**STATEMENT OF REASONS**

Instances of On-Street parking in Hurst Green occurring, particularly prevalent on the north-western side of the road, result in bus vehicle movements being impeded. Some existing parking restrictions are present around side road junctions but largely Hurst Green is unregulated.

To facilitate unobstructed bus and large vehicle movements, parking restrictions are proposed on the north-western side of Hurst Green, opposite the southbound bus stop. A clearway is also to be installed to prevent parking on the eastern side of the carriageway. This will allow continuation of some On-Street parking on the north-western side where more properties lack Off-Street Parking facilities.
