

**The Essex County Council (Chelmsford City) (Prohibition of  
Waiting, Loading and Stopping) and (On-Street Parking Places) (Civil  
Enforcement Area) (Amendment No.49) Order 202\***

**Statement of Reasons**

Maltings Road is a designated Local Road, under the Essex County Council (ECC) Functional Route Hierarchy, forming a link from West Hanningfield Road to Park View Crescent, providing access a residential area of Great Baddow. This location is fronted by houses and subject to a 30mph speed limit. Maltings Road consists of a crossroad junction, with a circular island in the middle, which is used like a roundabout, but forms a traffic calming feature. All extents of Maltings Road have unrestricted on-street parking.

Maltings Road forms part of the No. 51 bus route (in a west to east direction only). It has been reported to us that vehicles are parking around the crossroad junction restricting bus movements and forcing large buses to overrun the island; any other larger vehicle would also be affected. A No Waiting at Any Time restriction is proposed to deter any parked vehicles from the island junction and side arms in order to remove any obstructions and enable clear passage for larger vehicles.
