BASILDON HIGHWAY PANEL REPORT 1 - FUNDED SCHEMES LIST

This report provides an update on the current position of all the schemes which the Basildon Local Highway Panel has recommended for inclusion in their 2024/25 programme. It also details those schemes being funded in 2024/25 through Additional Funding and the Chairman's Panel.

2024/25 Budget Summary		
LHP Funding		
1	LHP Budget 2024/25	£250,000
	Remaining budget to allocate	£0
Additional Funding 2024/25		
3	Chairman's Panel Funded Schemes	£113,000
	Total	£113,000

Within the programme the dates given as Quarters 1 to 4, refer to the financial year as follows –

- Q1 - Quarter 1 – April to June
- Q2 - Quarter 2 – July to September
- Q3 - Quarter 3 – October to December
- Q4 - Quarter 4 – January to March

Members are reminded that the costs supplied are budget allocations only and there is the possibility that a final scheme cost could change dependant on issues which may arise especially during detailed design and construction. The panel will be informed of any budget adjustments required.

6	Southend Road, Crays Hill, Wickford - Traffic Management	Request to prevent parking by installing bollards on the edge of the grass verge (assuming they cannot go on the footpath)for better visibility for traffic emerging from High View Rise safer for pedestrians.	Wickford Crouch	Ramsden Crays CP	Walking	Design	LBAS233010	£9,500	This scheme has been amended due to recent developments. As of January 2025 the construction element of the scheme has been downgraded to design only from a Total Scheme. This decision was made in light of Cadent's planned gas works scheduled for 2025 in the same location. The Panel can recommission this scheme for implementation at a later date. Additionally, we will revisit the associated costs, as the materials for this project were previously ordered, prior to Cadent making it known of their planned 2025 works.	Cancelled

BASILDON LOCAL HIGHWAY PANEL REPORT 2 - SCHEMES AWAITING FUNDING LIST

This Schemes Awaiting Funding List identifies those scheme requests, which have been received for the consideration of the Basildon Local Highways Panel (LHP).

The Panel are now asked to review the schemes on the attached Schemes Awaiting Funding List and consider their further scheme funding recommendations for those they wish to see delivered in 2024/25. The remaining 2024/25 budget to allocate is - **£0**.

The Panel may also remove any schemes they would not wish to consider for future funding.

There are currently Schemes Awaiting Funding with an estimated cost of **£333,650** as shown in the summary below -

Scheme Type	Estimated Scheme Costs
Traffic Management	£281,150
Walking	£52,500
Cycling	£0
Passenger Transport	£0
Public Rights of Way	£0
Total	£333,650

On the Schemes Awaiting Funding List, the RAG column acknowledges the status of the scheme request as shown below:

RAG Status	Description of RAG status
G	The scheme has been validated as being feasible and is available for Panel consideration
A	The scheme has been commissioned for a feasibility study which needs completing before any Panel consideration
R	A scheme which is against policy or where there is no appropriate engineering solution
V	A scheme request has been received and is in the initial validation process

No further recommendations to be made.	R
7	Norsey Road, Billericay - Pedestrian Crossing	Request for a pedestrian crossing	Billericay and Burstead	Billericay CP	Validation (Does not meet criteria)	LBAS232005	N/A	A site visit was conducted on 2nd October 2024, which included Cllr Hedley, the design engineer, and the Highway Liaison Officer. During our discussions, we thoroughly examined the potential options for enhancing pedestrian safety at the location in question. After careful consideration, it was concluded that a zebra crossing remains unsuitable for this particular site. However, we explored alternative solutions that would better serve pedestrians. As a result, a new scheme request has been submitted to consider the installation of tactile paving and improvements to the existing dropped curbs. These enhancements aim to effectively guide pedestrians towards a designated crossing point.	R

8	Dry Street, Basildon - Signing and lining improvements	Request for a safety review to assess if the signing and lining is sufficient and visibility is clear enough for the road users who have right of way, with the possibility of relocating the current speed table that is installed outside of the property Roma.	Basildon Westley Heights	Basildon Unparished	Validation (Awaiting Surveys)	LBAS232029	TBC	It was requested at the last Basildon LHP meeting whether this project could potentially be funded through the Section 106 route. HLO has formally requested an investigation into this matter and is currently awaiting an update from the Strategic Development Department's funding coordinator. This update will provide additional comments regarding potential funding before we can proceed further.	V
9	Rose Lane, Billericay - Traffic Calming	Request to install Build-Outs either side of the junction as vehicles are parking on the High Street and blocking the entrance	Billericay and Burstead	Billericay CP	Total Scheme	LBAS232032	£19,000	Validation - Suggests that SEPP should look to enforce the restrictions already in place and if the problem continues revisit the scheme. The proposal for the installation of kerbed build-outs with reflective bollards at the ends of the Controlled Parking Zone bay could be assessed. However, it is crucial to address drainage around the build-outs during the design buildability stage. Additionally, a Swept Path Analysis will also be necessary to evaluate and calculate the space required for vehicle turning maneuvers into Rose Lane effectively.	G
10	Stockwell Close, Billericay - Bollards	Request to install bollards to prevent vehicles from parking on the grassed verge	Billericay and Burstead	Great Burstead and South Green CP	Total Scheme	LBAS242006	£30,500	After a validation assessment concerns were raised with the data and photos produced. Engineers requested additional for evidence to support this case, as installing a wooden rail fence here would be costly. Panel to discuss this further due to budget constraints.	G
11	Great Mistley, Basildon - Traffic Management Improvements	Complete a design from the suggestions given in the feasibility study	Basildon Westley Heights	Basildon Unparished	Design	LBAS242002	£8,000	Now that the feasibility study has been completed it has been suggested that a design-only scheme is funded by the panel to further evaluate the package of improvements in more detail. Based on the findings, recommendations have been put forward to enhance junction visibility, carry out curbing repairs, and install additional signage along with other improvements.	G

It is believed this approach would be more beneficial than deploying a Double Yellow Line in this instance as this will effectively keep the space outside schools free from parked vehicles. As the issue primarily arises during school hours, School Keep Clear can be tailored to those specific times, as Double Yellow Lines would require ongoing patrols and enforcement throughout all hours. Basildon Westley Heights	Basildon Unparished	Validation (Does not meet criteria)	LBAS242016	N/A	The signage already in place is deemed sufficient, along with the existing parking restrictions which would fall under SEPP to enforce. A refresh of the lining along the entire length of Berry Road could potentially be considered although this would fall under the Maintenance Department. Cllr Smith has been provided with the information needed to action this. Therefore the scheme request can now be considered for removal by the panel as there is not a scheme to progress currently at this location.	R

2	Nightingales, Basildon - Footway Improvements	Request for the installation of either concrete or grasscrete to provide easier access to the pathway. This initiative aims to enhance convenience and accessibility for residents using the newly installed disabled parking bay and provide a safer walking route to the properties on the other side of the grassed area, which is difficult to use due to mobility challenges.	Basildon Westley Heights	Basildon Unparished	Validation (Does not meet criteria)	LBAS233016	N/A	As the resident is yet to apply for the disabled parking space, we would not progress with this validation assessment any further until the parking bay is in place.
